

Weather Update

The extreme winter weather has been affecting us all over the past few weeks and SNBTS is no exception. Where possible, our dedicated staff will continue to ensure the scheduled donor sessions go ahead to keep our blood stocks high. However, where snow and ice and other weather related problems prevail we may have to cancel some of our community sessions.

When this happens we will endeavour to let you know as far as possible in advance but as these decisions are often made at the last minute, we would ask that you check our website or call us before you set out to give blood.

Please see the home page of our website for the most up to date information or call us on 0845 90 90 99.

Thank you for your continued support and commitment to giving blood.

Lynne Kidd
Head of Public Affairs
