The Consultation Document and this Respondent Information Form can be downloaded at: <http://www.scotblood.co.uk>

Meeting the transfusion needs of patients in Scotland: Consultation on the SNBTS strategy for the next five years and beyond

Please complete the details below and return it with your response to Lynne Kidd
Public Affairs Department, Scottish National Blood Transfusion Service, Ellen's Glen
Road, Edinburgh EH17 7QT or email it to: consultation@snbts.csa.scot.nhs.uk
This will help ensure we handle your response appropriately.
Thank you for your help.

Name _____

Postal Address _____

1. Are you responding: (please tick one box)
- (a) as an individual? (go to Q2)
- (b) on behalf of a group/organisation? (go to Q3)

INDIVIDUALS

- 2a Do you agree to your response being made available to the public (on the SNBTS website)?
- Yes
- No We will treat your response as confidential
- 2b Where confidentiality is not requested, we will make your response available to the public on the following basis (please tick one of the following boxes)
- Yes, make my response, name and address all available
- Yes, make my response available, but not my name or address
- Yes, make my response and name available, not my address

ON BEHALF OF GROUPS OR ORGANISATIONS

3. The name and address of your organisation will be made available to the public (on the SNBTS website). Are you also content for your response to be made available?
- Yes
- No We will treat your response as confidential

SHARING RESPONSES/FUTURE ENGAGEMENT

4. We will share your response internally while discussing the issues you have raised. We may wish to contact you again in the future, but we require your permission to do so. Are you content for SNBTS to contact you again in the future in relation to this consultation process?
- Yes
- No

Please respond to the questions below adding an additional sheet where required.

Q1 Do you have any views on the type of venues and locations that SNBTS could use to host donation sessions?

Q2 If you are an employer would you be willing to facilitate improved access and time for work place donation sessions?

Q3 Are there other measures that you would like us to consider in improving the donor experience?

Q4 What are your views on the SNBTS plans for the modernisation and potential consolidation of its blood processing and testing facilities?

Q5 Do you have any views on how SNBTS responds to future safety and technology implementation such as testing for vCJD and prion filtration?

Q6 What are your views on our proposal for continued local service delivery through partnership with regional hospitals supported by national quality standards and expert services?

Q7 SNBTS is committed to maintaining the local collection of stem cells and plasma exchange treatments. What are your views on our considering moving the processing and storage of cord and stem cells to a single location co-located with the processing and testing of blood in order to improve regulatory compliance and service resilience?

Q8 What are your views on our plans for improving tissue donation, retrieval and processing?

Q9 Do you have any views on our proposals for improving the organisation and how we can support our workforce to enable SNBTS to better deliver its services?
